# The MAYOR'S CORNER

Mayor Mary M. Dennis

Dear Residents,

In September of 2018, the City of Live Oak passed their annual budget that sets a financial plan for the next twelve months. As the year moves along, department priorities may change that require careful budget considerations to get these priorities completed. The City's budget is not that much different from your own personal budget. People create their annual budgets to help them get through the year financially and meet their financial goals. But throughout the year, priorities may change that will require adjustments to accommodate these new priorities. With the start of a new year, January marks the perfect time to begin your new personal budget. We hope you and your family have a prosperous new year with new beginnings in 2019.

Please be mindful and slow down for our neighborhood kids, and evening or early morning walkers within our neighborhoods and parks. Until we spring forward, it is hard to see these folks in the evening and early morning hours. Help us keep everyone safe in 2019.

The members of Council and I look forward to continuing our work to make the Live Oak community the best it can be for our citizens. Many thanks to our city staff, volunteers, and residents for making 2018 a very good year to be in Live Oak, Texas. As your Mayor, I am always available for your comments or questions at 210-792-7168 and remember, the best is yet to come!

Happy New Year!

Mayor Mary M. Dennis  
& Council

# Thank You!

## Bangkok Cuisine

A Thanksgiving Thai dinner was provided to all City employees by the wonderful staff of Bangkok Cuisine. Since 2002, owner Varaluck Kaowsan, has prepared a complete holiday meal for the City of Live Oak. The home style Thai cuisine is adored and appreciated by all who are lucky enough to be on duty the day it's delivered. Ms. Kaowsan's love for her culture, the love of cooking and the passion to give back to her community each year makes Varaluck and the staff of Bangkok Cuisine one of Live Oak's best kept secrets! Stop by and enjoy a wonderful meal at Bangkok Cuisine.

## AT HOME

Live Oak's AT HOME sponsored the holiday decorations inside the City Hall lobby. This year's theme was "Holiday Ho Down." The partnership with AT HOME has been fantastic since the day they opened. Max Kitten and his team are always in attendance at our City events and ready to make our events special and festive with their home décor!

Thank you for bringing wonderful holiday cheer to our visitors and to the city employees each day during the Thanksgiving and Christmas holiday.

## Raising Cane's

Thank you to Raising Canes and to all our volunteers and residents that came out for this year's Safe Halloween Event.

## Dunkin'

Thank you to Dunkin' for the hot chocolate and donut decorating at Christmas in the Park.

## Community Shred Day 2018

November 3rd was our free Community Shred Day! We would like to thank Randolph Brooks Federal Credit Union, Elizabeth Kuhlmann, Councilman Ed Cimics, Mayor Mary M. Dennis and the LO Firefighters from B-Shift for their coordination and assistance with the program. A total of 12,500 lbs of paper was recycled, 106 trees were saved, 19 cubic yards of landfill went unused and 13 barrels of oil were preserved during our recycling efforts.

## WE'RE SORRY

Please accept our apologies for the errors that appeared in the Nov/Dec issue of the Hometown News. We did not account for the Veteran's Day holiday when we scheduled The Live Oak LOCAL Networking event on November 12th. We know it was a disappointment for anyone that made the effort to attend. We would also like to apologize for the error found on the Civiv Club Calendar for the Seniors of Live Oak's November luncheon at La Fiesta Patio. We printed the incorrect address for La Fiesta Patio. We sincerely apologize for both errors and we appreciate your feedback.

## Arbor Day

A huge thank you goes out to the Live Oak Village Garden Club, Live Oak Tree Care Board, Ed Franz Elementary, Dr. Jeanette Ball - Judson I.S.D. Superintendent, Live Oak Parks & Recreation Commission, Laser Legend, Mark Kroeze with Texas A&M Forest Service and Smokey the Bear for an amazing turnout at this year's Arbor Day celebration. During the November 2nd celebration, a tree was planted, trees were given away and the students from Ed Franz Elementary were amazing!

# Happy New Year from Live Oak Parks & Rec!

This past year was filled with excitement as the city celebrated many special events including the Daddy Daughter Dance, Easter Egg Scramble, Halloween Family Night, Shindig on Shin Oak and even Shindig 2.0! Live Oak saw its fair share of rain this year, but that didn't dampen the mood or lessen the crowds as the community came out to enjoy the fun that Parks and Recreation has become known for. The Parks and Recreation Department is made up of six Park employees and one Recreation Coordinator. We are always happy to answer questions about our programs and facilities, and love knowing that our community is enjoying these amazing amenities that Live Oak has to offer.

**We look forward to a very busy and exciting 2019, and hope that you will join us for the ride!**

In addition to the city wide special events, Live Oak also has some beautiful parks. If you have not had a chance to picnic in the Main City Park, throw a line in at Lakeside or walk the nature trails at Woodcrest then you are missing out! The Main City Park has many amenities including two playground areas, a basketball court and two pavilions that can be rented out by the public. If disc golf is your thing, then you can spend a day playing on either of the two-18 hole disc golf courses. For those who love the outdoors, feel free to take your kayak or canoe out on the lake and enjoy the beautiful wildlife in the area. Avid runners and walkers love Woodcrest Park due to the convenience of the looped trail system, and the playground structure here is a big hit with the kids! It doesn't matter your age, or where your interests may lie, Parks and Recreation has a little bit of something for everyone. For additional information please visit our webpage at [www.liveoaktx.net](http://www.liveoaktx.net).

If you would like to discuss special events, youth sports, the municipal swimming pool or civic groups within the city please contact Courtney Weese at 653-9140 ext. 2235.

If you have a question regarding trail systems, park land or Texas Parks and Wildlife regulations please contact Wayne Trammell at 653-9140 ext. 2178.

If you are interested in renting the clubhouse, pavilions or municipal swimming pool, please contact the city receptionist at 653-9140 ext. 2200.

## Christmas Tree-cycle & Drop-off site

Each year, Live Oak offers a Christmas tree-cycle and drop off site across from the Live Oak Clubhouse at 7901 Shin Oak Drive until Friday, January 24, 2019.

The mountain of trees that accumulate during the month of January will eventually be placed into the city's wood chipper and re-purposed into mulch, free to the public. Please remember to remove all tinsel, decorations and metal stands before you drop off your tree.

For more information, contact Cathi Piotrowski at [cpiotrowski@liveoaktx.net](mailto:cpiotrowski@liveoaktx.net) or 210-653-9140, ext. 2234.

## Storm-water & Water Conservation in our Community

When it rains, water runs over the ground and picks up oil, antifreeze, and other pollutants and carries them to our streams and lakes. Help us to prevent these types of contaminants from entering our water and sewer systems by keeping your vehicle in good working condition. The water we save is water we don't have to buy. So it's important we do everything we can to decrease our water consumption. Plumbing fixture retrofits, water saver landscapes, and improved habits are all things that will help us make low water use a part of every person's everyday life.

## FREE Household Hazardous Waste DISPOSAL PICK UP

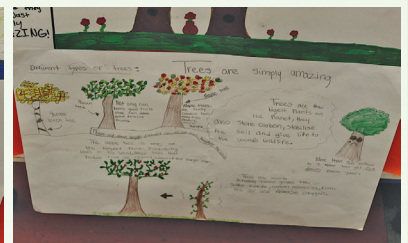

Do you have old paint, pesticides, herbicides, batteries or fluorescent light bulbs; electronic waste such as computers, monitors and laptops, that need to be disposed of?

Live Oak residents please call 1-800-HHW-PKUP (1-800-449-7587).

## 2018 Winners!

Mark Kroeze, Urban Forester from Texas A&M Forest Services, Smokey the Bear, City Officials, members of the Live Oak Tree Care Board, Live Oak Village Garden Club and Dr. Jeanette Ball, Judson Superintendent, kicked off the event on November 2nd at Ed Franz Elementary School. The Live Oak Village Garden Club members were on hand to announce the winners of this year's Arbor Day poster contest with the theme of "Trees are Simply Amazing." Congratulations to all of this year's winners!

## Small Business SATURDAY

On November 13th, Mayor Mary M. Dennis, City Council, and Donna Lowder, Executive Assistant to the Economic Development Corporation celebrated Small Business Saturday by presenting a Proclamation and plaque to Robert & Ok Hui Gentner, owners of Rogen's Gifts as this year's small business recipients. Rogen's Gifts is located at 8145 Pat Booker Road selling Native American arts and crafts, sterling silver, and turquoise jewelry and other items from the Apache, Navajo, Blackfeet, and a few dozen various tribes. We hope that you continue to celebrate shopping local and shopping often throughout the year in Live Oak. Congratulations Rogen's Gifts on 22 successful years in Live Oak!

## Furniture NOW!

Steve and Michelle Coben, members of the Coben family, Furniture NOW associates, Tri-County

Chamber members along with City staff gathered to celebrate the "Grand Opening" of Furniture NOW with a ribbon-cutting ceremony. Furniture NOW recently opened their doors in the Gateway Shopping Plaza selling brand name affordable furniture to the northeast region. The Coben family have been selling furniture since 1914, maintaining a family tradition that was started by his great-grandfather, Charles Pulman. Mr. Pulman came to the U.S. as a European immigrant looking to support his wife and six children. Mr. Pulman would eventually open a store in downtown San Antonio selling used and repaired furniture. The Coben Brothers now operate two Furniture NOW stores, Desks Galore and National Furniture. Congratulations Furniture NOW for your success over the years and to many more in Live Oak! Visit the Furniture NOW showroom located at 7513 N. Loop 1604 E. or [www.furniturenow.com](http://www.furniturenow.com).

## Navona at Live Oak

A new owner, new look, new start! Real estate broker and building owner Sholom Jacobs and his management team have worked tirelessly with the recent renovations and parking lot improvements leading up to the Re-Grand Opening of the Navona at Live Oak apartment community. For decades the Navona property welcomed weary travelers making their way down Loop 1604 as a Clarion Suite motel. The transformed apartment community now adds 104 multifamily units towards a high-demand housing market for the city of Live Oak. Navona offers one-bedroom for \$749 per month, and two bedroom apartments at \$849 per month. Residents now enjoy the modern conveniences with imported granite

countertops, swimming pool, business center, Wifi, fitness center, courtyard, Bar-B-que area, laundry care center and 24-hour emergency maintenance. The apartments are pet-friendly with no breed restrictions. Congratulations to Sholom Jacobs with Jacobs East Loop Realty, Debra Major, Regional Manager with Implicity Management and Jennifer Herrada, Navona's Community Director for a job well done.

## Northeast Methodist Hospital Continues to Grow

Methodist Healthcare System will continue its expansion of the emergency department with the construction of a modern inpatient tower in 2019, a move that comes after a recent rise in demand to accommodate the growing population of the northeast region. Last year alone, the hospital treated more than 56,000 patients in its emergency department. The \$46 million major expansion project will include the construction of two new floors over the existing inpatient tower. This expansion is a crucial part of the overall master plan for the hospital and for the City and region. Along with the construction of additional operating rooms, the tower will have 60 additional patient beds. Construction crews and cranes will begin working at the site this month.

In November, the completion of the ER expansion added 17 additional patient beds designed to allow for increased patient privacy. By expanding the ER by approximately 9,000 square feet, Northeast Methodist Hospital is much larger with efficient space to offer service lines such as women's and children's health, orthopedics and cardiovascular services. On November 2nd a ribbon-cutting ceremony was held at the hospital to signal the completion of the ER expansion project. Mayor Mary M. Dennis, elected officials, city staff, Northeast Methodist Hospital CEO Michael Beaver, hospital staff and Tri-County Chamber of Commerce joined a crowd of nearly 200 to help cut the ribbon at the official dedication and Grand Opening of the new ER. "This is the beginning of an incredible new era. Northeast Methodist Hospital is not only delivering the best medical care, they are transforming the way a hospital functions and operates" said Mayor Mary Dennis. Everyone in attendance at the Grand Opening ceremony were provided with complimentary tours of the facility and entertained with food, drink and music.

Since opening its doors to the Live Oak community in 1995, the Northeast Methodist Hospital has adorned the corner of Judson Road and Toepperwein Road and has since been an instrumental part of the community. Northeast Methodist Hospital has seen several expansion projects throughout the years and have plans for many more in the future for the 14 acres adjacent to the hospital. We look forward to the hospital's continued success and to the future growth of their facilities and services offered to the northeast region.

To enhance our broad system of care  
 serve our community, we've expanded

re, and to better  
ended our ER!

## Home Fires – “Your car keys and the clothes on your back.”

“That could be all you have left, if you are a survivor of a home fire.”

Each year more than 2,500 people die and 12,600 are injured in home fires in the United States, with direct property loss due to home fires estimated at \$7.3 billion annually. Home fires can be prevented!

To protect yourself, it is important to understand the basic characteristics of fire. Fire spreads quickly; there is no time to gather valuables or make a phone call. In just two minutes, a fire can become life-threatening. In five minutes, a residence can be engulfed in flames.

Heat and smoke from fire can be more dangerous than the flames. Inhaling the super-hot air can sear your lungs. Fire produces poisonous gases that make you disoriented and drowsy. Instead of being awakened by a fire, you may fall into a deeper sleep. Asphyxiation is the leading cause of fire deaths, exceeding burns by a three-to-one ratio.

### Get out Safely! Create and Practice a Fire Escape Plan

In the event of a fire, remember that every second counts, so you and your family must always be prepared. Escape plans help you get out of your home quickly.

### Twice each year, practice your home fire escape plan. Some tips to consider when preparing this plan include:

Find two ways to get out of each room.

If the primary way is blocked by fire or smoke, you will need a second way out. A secondary route might be a window onto a neighboring roof or a collapsible ladder for escape from upper story windows.

Only purchase collapsible ladders evaluated by a nationally recognized laboratory, such as Underwriters Laboratory (UL).

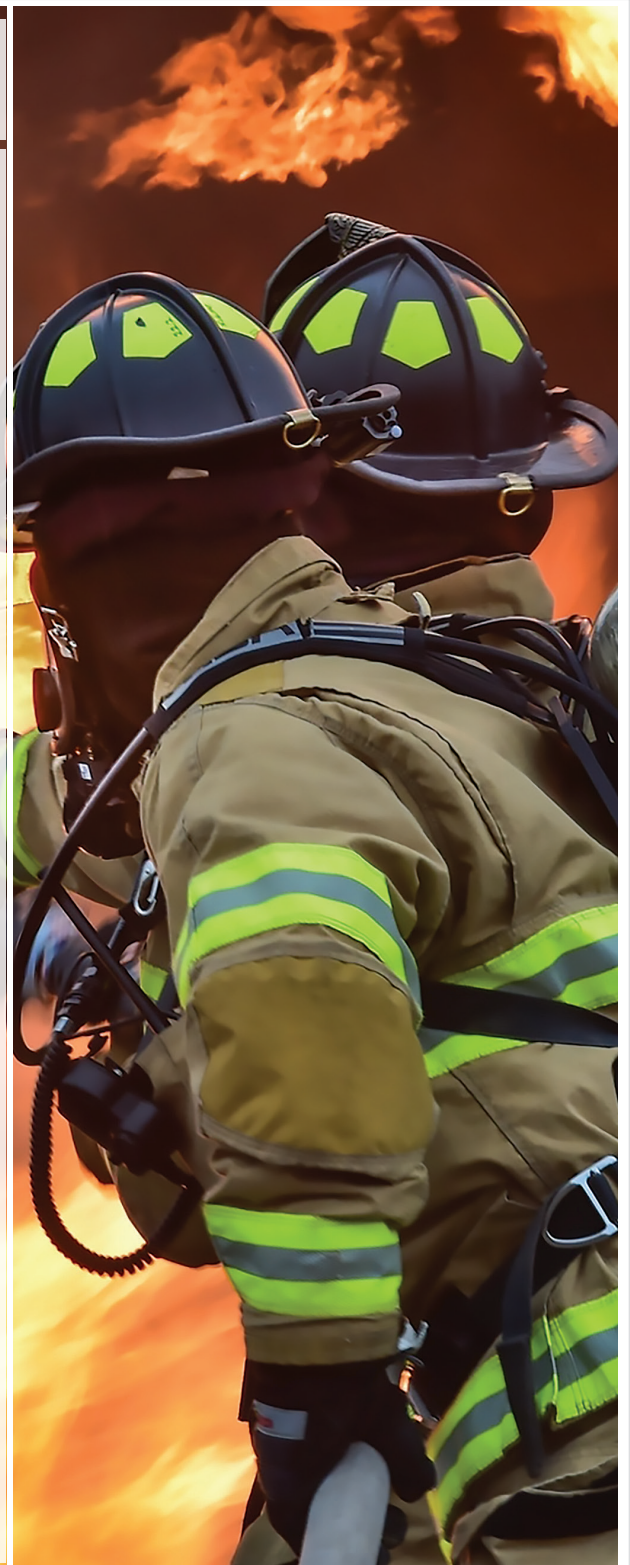

Make sure that windows are not stuck, screens can be taken out quickly, and that security bars can be properly opened.

Practice feeling your way out of the house in the dark or with your eyes closed.

Windows and doors with security bars must have quick release devices to allow them to be opened immediately in an emergency.

Make sure everyone in the family understands and practices how to properly operate and open locked or barred doors and windows.

Teach children not to hide from firefighters.

# Announcements from the POLICE DEPT.

## RESIDENTS must remain vigilant against SCAMMERS

Protect yourself and your family from scammers and con artists. We have recently seen a different kind of criminal operation in the area. This type of operation is not new. It seems to come and go as groups of criminals move across the country.

In this scam, an individual or a small group will knock on your door. They explain that they are working in the area as contractors for a utility company, tree trimmers, surveyors, or utility line locators. They will come up with different stories to get you to take them into your back yard.

They will explain that since you live on the property you can assist them in finding an easement or survey marker. Or explain to you that a utility company has contracted them to cut tree limbs away from power or phone lines. They want you in the backyard to make sure they don't cut any limbs or bushes without your approval. They hope for two things. They hope you leave your front door unlocked and they hope to stall you as long as possible in the back yard. Once the crime is set in motion, other crew members will enter your home through the front door and burglarize your home in a matter of minutes. They will take cash, jewelry, electronics, anything they can grab and leave with in a hurry that looks valuable. The work crew tells you they are going to get tools from their truck and before you know it the thieves and your property are gone.

There are many ways you can protect yourself from this type of criminal activity. Check the story. Are they wearing anything such as ID cards that identify them as utility workers or utility contractors? Are there markings on their vehicle indicating who they work for? Call the company and ask if they have any scheduled work crews in the area. If they are legitimate, they won't mind waiting. Never let these people in your house. This only gives them a better opportunity to look around and see what you have. They will usually communicate with each other by stepping away from you to make a phone call. They are calling their partners to let them know it is clear to go into the house. Also, don't leave large amounts of cash in your home. Don't leave jewelry and other valuables out in the open. If you have a safe, store your valuables and cash in it. At the very least keep things out of sight. If something doesn't feel right to you, believe me it's probably not. Deny them access to your yard and home, no matter how pushy they get. Close the door, get a good description of the people and vehicles and call the police immediately.

Remember, keeping our community safe is a team effort between citizens and police. Working together we can stop this type of criminal activity. The goal of the police department is to keep Live Oak a safe place to live, work and play.

Lt. Matt Malone

## Free Smoke Detectors!

LOFD and the American Red Cross have teamed up to offer **FREE** smoke detectors, including installation, to Live Oak residents. With the "No Home Should Be Alone" project, LOFD believes smoke detectors has been a key factor in the prevention of fire-related deaths throughout the years. If you have questions about the program or would like to participate in the program, contact the **LOFD at 210-653-9140, ext. 2198.**

## Backflow Testing and Winterization

By Somerville Backflow

The Texas winter months can be harsh and can effect exposed pipes including you above ground backflow device. This article is to provide residents with knowledge of backflow testing and proper winterization, which will save homeowners a lot of money and headache in replacing the device, when it cracks in cold weather.

Every year, the State of Texas, requires that the backflow device be tested for proper operation. For homeowners, that device is installed on your lawn irrigation system. Within the City of Live Oak, those devices are 99% of the time above ground and near the house. The backflow is there to provide protection to the water system in the event of a loss of water pressure due to main breaks, maintenance, etc. In those situations, if the backflow is performing as designed, there will be no contamination of the water supply in your area from your irrigation system. On an irrigation system, as every zone shuts off, water can pool near the heads of that particular zone. That water can then drain back into the piping thru the head itself. For those who fertilize or treat their yards with pesticides, that ultimately means there's a chance for some of those chemicals to find their way into the piping thru that scenario. If a homeowner's backflow does not work as intended, and there is a loss of pressure, that contaminated water will then be siphoned back to where the water was shut off for repairs or maintenance. Once repairs have been made, and the pressure restored, that contaminated water now travels back up the line, and is distributed to those affected by the main repair.

Now, onto winterizing the above ground backflow device. Properly preparing the device for winter is extremely easy and a cost saving effort on the part of the homeowner. Replacing these devices after a hard freeze can be costly not only in the replacement of the device itself, but also in the loss of water due to a breakage, thereby reflecting on your water bill. Two of the most common ways homeowners do this, is by wrapping the device in a mass of towels or other household materials, or by placing a decorative plastic rock over the top of it. Both of these work well, however most of the wrappings are done in such a way as to cause potential problems with the device itself. The other way to winterize is the most effective way, which is basically to

drain the water from the device, thereby drastically reducing the chance the device itself will crack from freezing. We provide the latter service to our customers, if they choose, but we also made 2 videos on our website showing how to do it yourself.

If you would like for us to test or winterize your backflow, or have any other questions, Ronnie and Darlene with Somerville Backflow can be reached at 210-255-8832, or contact Development Services at 210-653-9140, ext. 2244.

## Alice's Wonderland

Alice's life was horrific, traumatic, and filled with abuse. The journey to her "Wonderland" would be rocky and would require human kindness. On Sept. 5th, Alice was discovered tied up in a backyard in Converse abandoned by her owners with very little food or water. Underweight, dirty and very alone, Alice would soon see what it truly meant to be cared for properly. With a nice cool dry environment away from the Texas rainstorms and high humidity, Alice would begin to enjoy hearty meals and find herself surrounded by friendly ACO staffers. It wouldn't take long for Alice to find her fur-ever home and all it took was one routine trip to the vet. Alice tugged on the heart strings of many staffers at Kitty Hawk Animal Hospital, but she won the heart of only one. Kasey, a technician from Kitty Hawk Animal Hospital fell in love with Alice and established an instant bond. Kasey officially adopted Alice on Sept. 17, 2018. She now belongs to a perfect family and enjoys a life fit for any "Alice in Wonderland."

## Sarge's Adventure

Sarge's adventure began on Sept. 13th hiding underneath a landscape trailer across from Live Oak Headstart Center on Village Oak escaping the incessant rain. "Someone call this pup an Uber and get him to safety!!" Well it wasn't an Uber that came to rescue Sarge, or Sergeant Pepper as he is known when he gets into mischief, it was our very own city employee,

Finance Clerk, Michelle Frey while on a bank run. Unsure of what breed Sarge was, Michelle instantly fell in love with his loving disposition and heart melting brown eyes. Michelle picked up the sweet black and white pup and brought him into the shelter and visited him a few times. Sarge wasn't micro-chipped and eventually the waiting period for the owner to claim him would pass. Sarge never left Michelle's mind or thoughts. The day he became available for adoption, he would become part of Michelle's happy family. He now has a mom, dad, sister, brother and two canine sisters to play with and plenty of human interaction, and a king size bed he calls his own. Whoever would have thought his rescuer would become his adopter? Sarge now enjoys life with his family and chewing on anything he can find including dog beds, couch pillows, Christmas trees, dog toys and bones galore!
